(Successor to the Maryville Republican)

VOLUME 1.

MARYVILLE, MISSOURI, TUESDAY, MARCH 21, 1911.

NO. 243.

WILL TAKE \$2,500

FOR COMETS TO RUN THROUGH-
OUT THE SEASON.

SOLICITING COMMITTEE

Will Commence Work This Week—
Offer Made for Franchise
by Atlantic.

The directors of the Comets met Monday evening and appointed soliciting committees for the different wards in the city. These committees will probably start with the subscription paper the last of the week to raise \$2,500, which the directors think necessary to run the Comets through the season.

In case the money is not raised the local management will probably sell the franchise. Atlantic, Ia., has made a good offer for the franchise.

The committee appointed follows: First ward—E. H. Bainum, W. R. Tilson, L. E. Carpenter, E. E. Williams and John Dawson.

Second ward—W. C. Pierce, Edward W. Keck, Berney Harris, Roy Curfman, Albert Kuchs and Fred P. Robinson.

Third ward—H. L. Raines, J. B. Henderson, P. P. Reuillard, W. J. Montgomery and R. G. Koch.

Fourth ward—Joseph Jackson, Jr., Charles Parcher, John Kane, Charles Culbertson, Conrad Sweetzer and John Wallace.

Sixteen players have been signed by Manager Koch. Oswald, who was mailed a contract a few weeks ago, has not signed it as yet. A new catcher signed up recently was William Rebeck of Cedar Rapids, Ia., who was recommended by Dietz. The players will report for duty at Maryville May 1.

The official schedule, which was published in this paper a week ago, contained an error. It showed that Maryville was to play at Auburn and Shenandoah on the same dates, June 26, 27 and 28. The Shenandoah dates should be June 29, 30 and July 1.

Manager Koch, in talking to a reporter of this paper, said:

"It is now the time for us to secure our subscriptions to maintain the Comets in the Mink league for this year. The other towns all have their funds provided. We have a line of players signed that we think will make the strongest team in the league, and it only remains for our fans to raise the money."

ANNUAL "CLEAN UP" DAY MARCH 29

March 29 has been set aside as the annual "cleanup" day in Maryville. Mayor Robey, in speaking of it, said: "In past years it has been customary for the city to call upon the men for help, but this year we are asking the women of the city to take the prominent part in cleaning up the streets and yards and hope they will make it a success. We will make a trip of inspection over the city April 5, after the 'cleanup' day."

Mr. Wright will assist in the erection of the new high school building that is being put built at Nowata. BURLINGTON DEPOTS BROKEN INTO LAST NIGHT

The Burlington passenger and freight depots were broken into Monday night, but little damage was done. The passenger depot was broken into through the bay window, on the east side of the depot.

The opening was so small by which admission was gained that it is strongly suspected that a boy might have been used by the burglars to secure entrance. The money drawer was forced open, but only a few cents was secured, as Agent Goforth never leaves money at the depot. The ticket drawers were not molested.

The would-be burglars next visited the freight depot, about a block distant from the passenger depot, and an entrance was again secured by breaking out two panes of glass in the old fashioned windows, showing that the person that went through the window was small. The lock to the freight office door was unfashioned, which, it is thought, admitted the other party to the burglary. Nothing was secured here, but two boxes of goods were opened and the contents strewn around. A jar of jam was found just outside the door, broken and the jam poured out on the platform.

A freight car standing on the track was next visited and broken into and a dozen quart bottles of beer taken from a case.

The authorities are working on a clue that seems to point to local characters.

REPRESENTATIVE CRAIG RETURNED TUESDAY

Representative Anderson Craig and Mrs. Craig returned to Maryville Tuesday noon from Jefferson City, where they went the first of January. Mrs. Craig has been spending the past month visiting relatives and friends in Kansas City, Wichita and Iowa, Kan.

Mr. Craig says that William Job will remain at Jefferson City about ten days longer to assist in finishing up the work of the session. He is considered one of the best clerks the legislative session has had.

Visited an Old Friend.

F. E. Whitchurch, telegraph operator at the Burlington station, spent Sunday in Kansas City, the guest of his old playmate, Cecil K. Eastman, who is now an Associated Press editor of that city. Mr. Eastman was a reporter for three years on the Kansas City Star. He and Mr. Whitchurch grew up together at Winston, Mo.

Mrs. Fred Dunn of Bolckow came to Maryville Tuesday noon and is the guest of her daughter, Miss Helen Dunn, at the home of Mr. and Mrs. Arch Frank.

ALDERMAN WAS BETTER TUESDAY

The condition of Merrill J. Alderman is better Tuesday than at any time since his injury. Dr. Bell, his physician, is more encouraged now than he has been at any time. He reports Mr. Alderman's heart action good and says that his conscious moments are clearer and more natural.

HERE THURSDAY EVE

AGRICULTURAL SPECIAL TRAIN
IN MARYVILLE THEN.

MEETING IN COURT HOUSE

Where Addresses Will Be Delivered—
To Arrive on Wabash at 7
o'clock in the Evening.

In an effort to promote agriculture, to increase the productivity of the soil and diffuse useful information concerning growing crops and the science of dairying, the Wabash Railroad company has co-operated with the Missouri State Agricultural college and the Missouri state board of agriculture toward operating a special seed and soil train through various Missouri points. President A. Ross Hill of Missouri university will accompany the train.

The train will be fully equipped with specimens of growing grain and samples of the various chemical compounds considered beneficial to productive soil. Twenty-five points will be visited, and experts of the college and state board and the food and dairy commission will lecture and board the train.

The special train left Columbia Tuesday morning, starting on its trip to various points in this part of the state.

They will arrive in Maryville on Thursday evening at 7 o'clock and will remain until 9:30, when they leave for Stanberry. A night meeting will be held in the court house that evening, and the address of welcome will be made by W. A. Blagg. Several addresses of interest will be given by the men from the agricultural department of the state university.

The exhibits will remain in the cars at the Wabash station and an attendant will be present to take the visitors through the train.

The speakers and subjects are: "More and Better Live Stock and Live Stock as a Means of Maintaining Fertility," E. A. Trowbridge; "Corn and Soil Improvement," C. B. Hutchison; "Orchard Management, Pruning and Spraying of Fruit Trees," J. C. Whitten; "Feeding the Dairy Cow," H. E. McNatt; "Corn Improvement," S. M. Jordan; "Talks to School Children," R. M. Emberson; "Sanitary Dairying," W. B. Cutler; "The College of Agriculture," F. B. Mumford.

Attached to the train will be a baggage car, in which the world-famous cow, "Missouri Chief Josephine," together with other blooded stock bred and owned by the Missouri college of agriculture, will be on free exhibition.

Mr. Jordan, director of the Farmers' institute, state board of agriculture, will distribute a quantity of cow peas seed at each station, with a view of more extensive use of cow peas, both as a feed and fertilizer, and with the further purpose of getting this seed in use more generally.

The party will be under the personal supervision of J. D. McNamara, general passenger agent of the Wabash railroad. Great interest in the train is being shown by the people along the line.

SUITS FOR BOY SCOUTS ARRIVED

The Boy Scouts' suits have at last arrived. They are very attractive and serviceable, and their owners are justly proud of them. Their color is an olive tan, and they are cut after the pattern of the regular United States army uniform. Each scout has two suits, one for winter and one for summer. The winter suit consists of a coat, long trousers and leggings, hat and haversack. In the summer a suit and knee trousers without the leggings are worn. When the scouts and National Guards both get to parading around town, Maryville will think she is the Texas border and that the nation's troops are mobilized here.

Granted a License.

A marriage license was issued Monday afternoon to Harry Hornbuckle and Miss Nellie Graves of Burlington Junction.

Mr. and Mrs. C. D. Johnson of Coin, Ia., were in Maryville Tuesday on their way to Dubuque, Ia.

Mrs. G. W. Hobbs and Mrs. F. J. Ruggle of Clyde were shopping in the city Tuesday.

I. A. BENNETT DEAD

PASSED AWAY TUESDAY MORN-
ING, AFTER A FEW DAYS' ILLNESS

LIVED HERE MANY YEARS

Has Quite an Army Record—Funeral
Services Wednesday Afternoon
at 2 o'clock.

I. A. Bennett, a resident of Maryville for many years and a well known citizen, died Tuesday morning at 1:45 o'clock, after a ten days' illness of pneumonia.

The funeral services will be held on Wednesday afternoon at 2 o'clock at the First Christian church, conducted by Rev. L. O. Bricker.

Mr. Bennett was born in Perry county, Ohio, on February 27, 1846, making him 65 years old at the time of his death. He was the son of George and Elizabeth Giles Bennett. He was united in marriage to Anna L. Hoshor in Andrew county, Missouri, December 24, 1874, from which union were born five sons—Orville A., Dennis V., Chester W. and Lester A. Bennett, all of Maryville, and Charles N. Bennett of Brenerton, Wash.—who survive with his wife.

He was a member of Sedgwick post, No. 21, department of Missouri, Grand Army of the Republic, in which he has held office as chaplain one term. He was also a member of the I. O. O. F., A. O. U. W., and Ancient Order of Pyramids.

He enlisted from Perry county, Ohio, on the 29th day of February, 1864, to serve three years or during the war, and was mustered into the United States service at Columbus, O., as a private of Captain Samuel B. Larimer's, later Captain Henry K. Hitchcock's Company C, Sixty-second regiment Ohio volunteer infantry (veteran), Colonel Francis B. Pond commanding.

This regiment was organized at Camp Goddard, near Zanesville, O., during the latter part of 1861, and moved by rail, January 17, 1862, for Cumberland, Md., joining General Lander's forces, then camped at Patterson creek. February 3rd it moved to the front in Virginia. It served in the First brigade, First division, Tenth corps, later Eighteenth and Twenty-fourth corps, Army of the James, and participated in the following battles and campaigns, viz: Winchester, Mount Jackson, Port Republic, Blackwater, Va.; siege of Fort Wagner, S. C., including the first assault of Morris island, and second assault and capture of Fort Wagner; siege of Charleston, S. C. On January 1, 1864, the men re-enlisted as veterans and the regiment returned to Ohio on thirty days veteran furlough, after which it returned to the front and participated in the great contest that raged along the lines about the capital at Richmond, Va., being almost constantly under fire during the spring and summer of 1864, taking part in the battles of Port Walthall or Chester, Harrison's Landing, Arrowfield Church or Swift Creek, Drewry's Bluff, Bermuda Hundred, Cold Harbor, Petersburg, Strawberry Plains or Deep Bottom, Newmarket, Charles City Cross Roads, Darbytown Road (two battles), Chapin's Farm, Hatcher's Run or Boydton Road, Fort Gregg, fall of Petersburg, Rice's Station, High Bridge, Appomattox Court House, Va., or Lee's surrender, and a number of minor engagements and skirmishes.

Isaac A. Bennett enlisted as a recruit, and joined his regiment at Zanesville, O., while it was home on veteran furlough.

He was severely wounded at Fort Gregg, Va., April 2, 1865, by gunshot in right hip, causing flesh wound, which affected him until his death, and by gunshot in left forearm, shattering the bone near the wrist and causing removal of a portion of the bone from the arm. He was removed to the hospital at Fortress Monroe, Va., where he remained until discharged from the service.

At all other times he was with his command, participated in all its engagements, from the battle of Bermuda Hundred, Va., until after the battle of Fort Gregg, Va., and rendered gallant and meritorious service at all times. At the battle of the Wilderness he was detailed as ambulance driver.

He received an honorable discharge from the volunteer service at Fortress Monroe, Va., on the 24th day of May, 1865, by reason of an order of the war department, the war having closed.

CATHOLIC CENSUS OF THE UNITED STATES

There are at present 14,618,761 Roman Catholics in the United States according to the 1911 Wiltz official Catholic directory, which is now in press. The figures given do not include the Catholics in the Philippines, Porto Rico or the Hawaiian Islands for if these were added the number of Roman Catholics under the Stars and Strips would be nearly 23,000,000.

Although the United States religious census of 1906 credits the Roman Catholic faith with only 12,079,142, the Wiltz figure is not exaggerated, as the census bureau deducted 15 per cent. of its total count for children, counting only communicants. According to the directory, there are in the United States 17,084 Catholic priests and 13,461 churches. Of that number 9,917 have resident pastors. Catholics also control 4,972 parochial schools with an attendance of 1,270,131. In addition to this there are 225 colleges for boys and 696 academies for girls and 82 ecclesiastical seminaries.

According to the Wiltz publication the states of the Union having the largest number of Catholics are: New York, 2,758,171; Pennsylvania, 1,527,239; Illinois, 1,446,490; Massachusetts, 1,389,921; Ohio, 694,271; Louisiana, 557, 431; Wisconsin, 540, 956; Michigan, 536,107; New Jersey, 495,000; Missouri, 452,703; Minnesota, 441,981; California, 391,500; Connecticut, 38,854; Texas, 295,917; Maryland, 260,000; Rhode Island, 251,000; Iowa, 242,109; Indiana, 223,978; Kentucky, 147,607; New Mexico, 127,000; New Hampshire, 126,034; Maine, 123, 547; Nebraska, 123,510; Kansas, 119, 108; Colorado, 99,485. These figures are regarded as official in Catholic circles, as the information is furnished direct from the various Catholic chancery offices.

Distribution of Cowpea Seed by the Missouri State Board of Agriculture.

In addition to the free lectures to be delivered by experts of the Missouri agricultural college on the special train which will be operated by the Wabash railroad over its lines in Missouri, March 21st to 23rd inclusive, Wabash ticket agents at all points where this special train stops, will be supplied with a quantity of cowpea seed with instructions to sell at 10 cents per quart to applicants until the supply is exhausted. Only one quart of seed will be furnished to each individual, and it must be obtained before the arrival of the special train. None will be delivered while the train is at the station. The object in distributing this seed by the state board of agriculture is to secure a more extended use, both as a feed, as a fertilizer and to get more of the seed grown. The price of 10 cents per quart is the actual cost. Instructions as to planting, etc., will be furnished with each package.

For further particulars see your Wabash ticket agent.

A. S. ROBEY,
11-25 Committee man.

Grandpa Gmelch, the Republican lieutenant governor of Missouri, made short work of Representative Craig's county unit bill when it reached the senate. He referred it to the committee on municipal corporations, which is said to be headed by a saloon keeper, and happened to be about six-sevenths "wet." A crocodile couldn't swim to shore in a committee like that.

Attend the Commercial club meeting tonight and help build the auditorium that Maryville needs so badly.

LIMANTOUR NOT PEACE ENVOY

Asserts Government Will Not
Treat With Rebels.

WARNS ALL OF COMPLICATIONS

Mexican Minister Says Report He Will Take Charge of Nation's Policy is Absurd and Declares President Diaz Must Rule.

Mexico City, March 21.—With a warning to all Mexicans that every day the rebellion continues the danger of international complications increases, a plea to them to rally to the support of President Diaz and a declaration that the government never can enter into peace negotiations with individuals in arms, Finance Minister Limantour entered upon his supposed task of pacification. He called upon the president at the national palace. The meeting was cordial in the extreme. Then followed a conference lasting more than an hour at which no other person was present. At its conclusion Senator Limantour said only generalities were discussed.

Senator Limantour said the statement that he was the bearer of a proposal for the establishment of peace placed in his hands by the Maderos in New York was an absurdity.

In reply to a suggestion that great reforms were expected to follow his return to Mexico, he said:

"It is a heavy burden that public opinion would place on my shoulders and no man can carry it without the co-operation of all good Mexicans. I, furthermore, cannot understand why such an effort is demanded of me, when the direction of the policy of our government is in the hands of no less a man than the illustrious statesman who has formed the country. We must then place our confidence in the expert helmsman who in the past has skillfully met the greatest dangers."

NO PLACE FOR AMERICANS

Converse Says Yankee Youths Should Keep Out of Mexico.

El Paso, Tex., March 21.—The Mexican insurrection is no place for American boys or American men. Conditions are all hostile to them. The federal troops will show them little mercy and the insurgents don't care whether the Americans are killed or not.

H. C. Converse of Glendora, Cal., made this statement after a visit to the jail at Juarez, Mex., where his son, Lawrence, twenty-one years old, together with Edwin Blatt of Pittsburgh, is confined on a charge of participating in the Mexican insurrection.

"Since the state department of the United States has made representations to Mexico City that the boys were captured on the American side of the boundary," Mr. Converse said, "they are now allowed to receive food sent from the outside."

Mr. Converse expects the prisoners will soon be released. Another American prisoner in the Juarez jail is Richard Brown of El Paso, who declares he was arrested while helping the wounded near Juarez.

DRAG DESERTER ACROSS LINE

Mexicans Take Sergeant From American Territory, but Return Him.

Douglas, Ariz., March 21.—A federal sergeant, who had deserted, was captured by Mexican officials on American soil, immediately taken across the line, but was immediately returned to this side of the boundary upon demand by Major Gardner, U. S. A.

When the facts became known both the Americans and Mexicans in Douglas gathered and made a demonstration. The demand was general that the prisoner should be returned to the American side, whence he had been taken. Major Gardner, commanding the First United States cavalry here, took a hand in matters and requested Commissario Vaquez of Agua Prieta to bring the man to the American line.

"This will quiet the people here," explained the major. "If the sergeant returns to Agua Prieta of his own accord we will not detain him."

An automobile was then dispatched to Agua Prieta and the sergeant was brought back. He was given an ovation by the crowd.

STRIKE NOT YET AT AN END

Strained Feeling Still Pervades Atmosphere in New York.

New York, March 21.—Although developments of the last day or two have made it appear unlikely that a general strike of teamsters in New York and vicinity, in sympathy with the striking express drivers, is in immediate prospect, the situation is still tense and the outcome uncertain.

The problem which perplexed all the big express companies last fall, when they went through a three weeks' strike to a settlement that failed to prove permanent, still remains unsolved for at least three of the companies. Nearly 5,000 of the men of these companies—the Adams, United States and Wells-Fargo—are now on a strike here. As a consequence there is congestion of merchandise, which hampers the merchant and inconveniences the general public. Besides this, disorders are frequent incidents.

Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this results indigestion, piles, weariness, etc., that women constantly complain of. But there is no use taking "female remedies" and things of that kind until you have started your bowels to moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your drug-gist for fifty cents or one dollar, and either size may be enough to permanently cure your bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 609 Caldwell building, Monticello, Ill.

STATUS OF INCOME TAX AMENDMENT

Twenty-six States Have Declared
in Favor of It.

ONLY THREE IN OPPOSITION.

Nine More States Must Ratify Proposed Amendment Before It Can Become Part of Constitution—No Limit to Time of Ratification.

New York, March 21.—Nine more states must ratify the proposed federal income tax amendment before it can become a part of the constitution. Reports received here from the capitals of the forty-six states show that the amendment has received favorable action in the joint legislatures of twenty-six.

Vermont, Rhode Island and Utah have refused to ratify the amendment this year, while New Hampshire has taken favorable action in only one branch of the legislature. Among the sixteen which have not yet acted, the question is pending in Louisiana, New York, Massachusetts, Maine, Connecticut, Pennsylvania and New Jersey.

The matter is scheduled to come up before the Florida legislature next month, West Virginia has "postponed" action and Arkansas, Tennessee, Wyoming, Minnesota and Delaware have not considered the matter.

The constitution provides that proposed amendments to become valid must be ratified by three-fourths of the states. This necessitates favorable action by thirty-five of the forty-six states before the government can proceed with this method of increasing its revenue.

There is no limit to the time of ratification and negative action by a legislature is not conclusive, the state having the right to reverse its judgment.

At the close of 1909 the amendment had been ratified by only Alabama, Georgia, Illinois, Maryland, Mississippi, Oklahoma and South Carolina, while last year the legislatures of Louisiana, Massachusetts, New York and Rhode Island refused to adopt it and the other states took no action. Since January, 1911, the following nineteen additional states voted favorably:

California, Nevada, Montana, Washington, Oregon, Idaho, Texas, North Carolina, Kentucky, North Dakota, Ohio, Iowa, South Dakota, Nebraska, Kansas, Indiana, Missouri, Wisconsin and Michigan.

DECIDES AGAINST COX

Court Holds Charge of Prejudice
Against Gorman Will Not Lie.

Cincinnati, March 21.—After holding that the court of common pleas of Hamilton county had no authority to rule whether the affidavit of "bias and prejudice" filed by George B. Cox against Judge Frank Gorman was sufficient to swear that jurist off the bench, Judge Charles J. Hunt took a step that probably will mean further delay in bringing Cox to trial on the indictment for perjury.

After reading his decision, which virtually threw the affidavit out of court, Judge Hunt announced that entry of the decision would not be made until the attorneys for Cox determined whether to bring mandamus proceedings to compel Hunt to rule on the affidavits.

Decision in Cherokee Case.

Washington, March 21.—The supreme court of the United States declined to interfere in the distribution by the government of several million dollars to eastern Cherokee Indians. The court holds the Indians have been guilty of neglect of their legal interests in delaying so long to bring their action.

NO MORE GRAY HAIR

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made and used a "sage tea" and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair, and are fast following suit.

The present generation has the advantage of the past in that it can get a ready to use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer, this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

FREE LECTURES OF INTEREST TO FARMERS

EXPERTS FROM COLLEGE OF AGRICULTURE TO TALK ON FARMING, IN THE COURT HOUSE
7:30 P. M. THURSDAY, MARCH 23rd

Josephine, the World's Champion Cow, to be Exhibited Free on Special Wabash Train

EVERYBODY SHOULD ATTEND

An event of unusual interest, not only to the farmers of our county but to the people generally, are the coming lectures by the experts of the College of Agriculture, University of Missouri, and of the State Board of Agriculture.

The Democrat-Forum is informed that the Wabash special train, carrying the experts and their exhibits, will arrive at Maryville at 7:00 P. M. Thursday, March 23. The lectures will be delivered in the Court House, and everybody is cordially invited to attend.

The lectures will include such interesting subjects as "Better Farm Methods," "Modern Dairying," "Spraying," "Horticultural Work," "Soil Improvement," "Better Live Stock," etc.—every subject of great interest.

An especially attractive feature of the exhibits carried on the special train will be "Missouri Chief Josephine," the world's champion cow, which, as some of us know, was born and raised on the Missouri Agricultural Farm. She offers wonderful evidence of the real dollars and cents value of farm methods as practiced at the College of Agriculture, and about which we are to hear at the lectures. There will also be shown some other thoroughbred stock owned by the College of Agriculture. This is some of the best stock ever produced in Missouri, or any other state, and will undoubtedly be interesting to see.

The Democrat-Forum sincerely believes that these lectures will be of great interest and real practical help to everyone who hears them.

ARIZONA SHOULD BE ADMITTED

Colonel Roosevelt Discusses Its Constitution in Address.

PEOPLE WITHIN THEIR RIGHTS

Thinks Provision in Constitution for Recall of Judiciary May Be Wrong, but It Should Not Bar Arizona From Admission to Union.

Phoenix, Ariz., March 21.—Colonel Theodore Roosevelt addressed one of the largest throngs ever assembled in the southwest on the Plaza here, his theme being Arizona statehood. Colonel Roosevelt said in part:

"I regret that Arizona was not admitted to statehood by the last congress, and I trust that the next congress will admit it. The objections to admitting it I regard as without warrant of justice. Apparently these objections have been chiefly or entirely due to the fact that Arizona has adopted in its constitution the referendum, initiative and recall.

"I do not agree with the form in which Arizona adopted the recall, especially as regards the judiciary, but while I regret that Arizona should have adopted the recall in this fashion, I do not merely admit but insist that this is a matter purely for Arizona's own decision, and that neither the opinion of myself or any other outsider has the slightest bearing on Arizona's right to the privileges of statehood. What the views of New York and Texas on the question may be has nothing whatever to do with Arizona's right to its own views.

"The principles of the initiative and referendum may or may not be adapted to the needs of a given state under given conditions—I believe they are useful in some communities and not in others—but to deny a territory the right of statehood because it has adopted these principles is wrong. If the constitution of the United States forbids the use of the referendum or initiative, then the constitution should be amended without delay.

Rights of States and People.

"I am a strong nationalist, but I am no less a believer in the rights of states wherever the rights of the state mean the rights of the people. The United States government is in honor bound to admit Arizona under its present constitution.

"I wish it distinctly understood that while there are many provisions in your proposed constitution with which I must heartily agree, there are some with which I disagree, and notably among these is the provision of the recall and policy affecting the judiciary.

"I admit the melancholy fact there are states where judges have so acted as to make it justifiable and necessary for the people to admit measures for retiring all such judges from office. But, speaking generally and as regards most communities under normal conditions, I feel that it is to the interest of decent citizens, who want nothing but justice in its broadest and truest sense, not to adopt any measure which would make judges timid, which would make them fearful lest deciding rightly in some given case might arouse a storm of anger, temporary, but fatal.

"In any event, a measure fraught with such possibility of mischief as the recall of judges, as you have provided for, it should not be adopted until by actual experiment you are driven to it as a necessary but regrettable method of doing away with some even worse evil."

20 CARRIED DOWN LADDERS

Occupants of Y. M. C. A. Building at Springfield, Mo., Cut Off by Flames.

Springfield, Mo., March 21.—Twenty men asleep in the Young Men's Christian association building here were nearly suffocated before being rescued by firemen when fire destroyed the structure. The men were not awakened until escape by the stairway had been cut off. They were carried down ladders.

Across the street 200 guests of the Colonial hotel rushed to the street in scant attire. The building was built fifteen years ago by popular subscription. The loss is \$50,000.

Cold Storage Plant at Chicago Burned.

Chicago, March 21.—Another explosion of ammonia occurred in the ruins of the Monarch Refrigerating company building, where dozens of persons were made unconscious. By the latest accident three men received hurts, but, as in the case of the previous victims, there was no fatality. Estimates of \$800,000 loss, chiefly on butter and poultry, are confirmed.

Can of Kerosene Explodes.

Grand Island, Neb., March 21.—Bert Stafford was fatally burned by the explosion of a can of kerosene, with which he was attempting to kindle the fire in the home of Mr. and Mrs. H. A. Simmons, in which he is boarding. All of Stafford's light clothing was burned from his body.

Available Supply of Broom Corn Burns

Charleston, Ill., March 21.—Practically the entire available supply of broom corn in the United States was destroyed by a fire which swept over eleven blocks and caused a loss estimated at \$300,000.
